The Falls of the Tallulah River, down the successive stages of which the waters plunge to a depth of four hundred feet in a single mile and the marvelous chasm which they have cut into the bedrock of the Georgia spur of the Blue Ridge Mountain constitutes one of the scenic wonders of America.

You should certainly see the wonderful power developments which does not detract from the natural scenic beauty but adds greatly to the attractiveness of the place.

First class hotel accommodations will be found.

German Troops Near French Frontier

The above was taken at Strassburg, near the French frontier. It was figured that this city would play a big part in a war between Germany and France. When this picture was taken, however, the present big war was not dreamed of.

English Dirigible In Action

In the great European conflict airships will play a big part. Here is shown a dirigible of the English army maneuvering while its flight in the air is watched by English army officers. Note the gun attachment. This can be detached if the dirigible hits the water.

French Sailors at Rifle Practice

The sailors on the French men-of-war are regarded as among the best marksmen in the world. While others of the powers have been adding to the numerical strength of their navies, the French have been developing the greatest efficiency in marksmanship not only with their cannon, but with rifles in case of land service.

MARKET REPORT

New York Cotton

New York, Aug. 24.—There was no material change in the cotton situation today, so far as could be learned in local trade circles. Little further progress is expected to be made in the evening up of old contracts until after the arrival here of the Liverpool delegates toward the end of the month, and the trade meanwhile appears to be awaiting developments. The local spot market was nominal with no quotations and no transactions.

Liverpool Cotton

Liverpool, Aug. 24.—Cotton, spot, in increased demand owing to a good inquiry from neutral countries. Sales Saturday and today 2,900 bales, including 2,800 American on the basis of 6,200 for middling imports, 3,600 bales, all American.

Dry Goods

New York, Aug. 24.—The primary cotton piece goods market was fairly active today. Print cloth prices continued irregular. Duck was in good demand for domestic consumption.

Denims were in good request. Dress goods were advanced 2-1/2c to 5c a yard by some mills. Staple worsteds were advanced another 2-1/2c by the American Woolen Company.

Cotton Seed Oil

New York, Aug. 24.—Cotton seed oil was advanced further again today on covering of shorts and on improvement in the demand for actual oil. Trading was quiet however, with offerings scarce. Final prices were 5 to 15 points net higher. Sales 7,100 barrels.

The market closed firm. Spot 6.80a 90; August, 6.80a90; September, 6.69a 90; October, 6.56a68; November, 6.57a 60; December, 6.54a57; January, 6.57a59; February, 6.59a64; March, 6.63a68.

Total sales, 7,000.

Chicago Grain

Chicago, Aug. 24.—Profit-taking was the feature of the wheat market today, but Saturday's advance was fairly well held. Final prices ranged 1-8c higher for September to 1-2c lower. Corn closed 1-2 to 1c down; oats 1-4c higher for September to 1-2c lower, and provisions 7-12 to 50c depressed.

Stocks and Bonds

New York, Aug. 24.—The closing of the New York stock and cotton exchanges has made it impossible for receivers of S. H. P. Poll & Company to wind up the firm's affairs and for this reason, Judge Hazel, of the Federal district court, authorized them today to continue the firm's business for thirty days, and where possible to sell the stock owned by the firm at private sale.

The suspension of the firm, announced July 29, was caused by the collapse of the cotton market due to the European war situation. The receivers told the court today the firm's liabilities would exceed \$5,000,000. It is impossible to place a valuation upon its assets, the receivers said, as the market value of their stocks is unknown because of the closing of all exchanges.
